

Children & Young People's Ministry - CYPM

A Three Year Vision for the Diocese - 2017

Bishop Karowei, Bishop of Woolwich

- Re-imagine and resource our ministry to children and young people in our churches, ensuring their full participation in the church.
- Develop an Area Council for Youth and Children's Affairs, thereby giving our young people a voice, harnessing their gifts and talents to empower the development of their own ministry.
- Promote the safety of our children and young people, to protect them from all forms of abuse, crime and violence.

Bishop Karowei emphasised the importance of welcoming children into the church, saying that a church without children is a dying church.
